Word Search Instructions

1. Read through the word list.
2. Locate each word in the puzzle grid.
3. Mark each word you find with an underline, circle, or other mark.
4. Cross out the word in the word list (optional).

ONE STAR ★

Words will appear in one of 2 possible directions: horizontally or vertically.

TWO STAR ★★

Words will appear in any direction: horizontally, vertically, or diagonally. Frontwards and backwards. Up and down.

Tips

- If you are having trouble locating a word, try to look for the least common letter in the word instead of looking for the first letter. For example, look for the **V** in **RIVER**.
- Scan the grid for double letters and unusual letter combinations, like **SS**, **QU** or **ING**.
- Remember to look both frontwards and backwards.

Sudoku

The objective of sudoku is to fill in the full 9 x 9 puzzle grid with numbers 1-9 in every column, row, and 3 x 3 block of cells, without using any duplicates.

Some numbers are filled in to get you started.

The more empty spaces there are, the harder the puzzle is rated.

In the example below, you can figure out which number goes in the cells with the question marks, by checking the other numbers in each column, row, or block. When you see which number is missing, you can fill in the correct answer.

Kriss Kross Puzzles

If you get bogged down with the word clues in crosswords, this is the perfect puzzle for you!

Each Kriss Kross puzzle includes a list of words that will solve the puzzle. The word list is organized by word length, so you can easily locate each word by how many letters it has.

How to Solve a Kriss Kross Word Puzzle

1. Start by trying to find a unique word or two that can only fit in one place on the grid. *In this book every puzzle has a starting word already entered to get you going!*
2. Once you have a starting word, use the intersections in each word to find the words that cross it, and fill those in.
3. When there is more than one word that fits, you'll have to think ahead, and test out different choices until you find the correct answer to fill in.
4. Cross the words off the list as you enter them.
5. Have fun!

Solutions are in the last section, starting on page 81.

A Word From Ramona

Hi, I'm Ramona Mona!

I've loved puzzles for longer than I can remember. My mother always carried a puzzle book with her, and when she'd finished the "good" puzzles, she'd pass the

book along to me for the easy ones. Somewhere along the way, I caught the puzzle bug myself. And now I'm hooked!

Growing up, I made word puzzles for Mom and number puzzles for my math class. These days, I especially enjoy easy puzzles that let me relax and have fun without working up a sweat.

My career took me from printing into writing, editing, proofreading, technical writing, coding, and website development. Eventually, all those skills came together in an unexpected way: creating puzzle books of my own.

Now I'm sharing that lifelong love of puzzles with readers like you!

I hope you enjoy these free puzzles. And if you'd like more, come visit me at RamonaMona.com to discover more puzzles made with love, just for you.

Happy puzzling!

~ *Ramona*
