Puzzle Difficulty

Easy Word Search (1 Star)

Words run left to right and top to bottom only.

Difficult Word Search (2 Stars)

Words can run horizontally, vertically, or diagonally, in any direction: forwards or backwards, up or down.

Tips

1. If you're having trouble finding a word, look for its least common letter instead of searching for the first letter.
2. For example, look for the V in RIVER.
3. Scan the grid for double letters and unusual letter combinations, such as SS, QU, or ING.
4. Remember to look for words in both directions.

A Word From Ramona

Hi, I'm Ramona Mona!

I've loved puzzles for longer than I can remember. My mother always carried a puzzle book with her, and when she'd finished the "good" puzzles, she'd pass the

book along to me for the easy ones. Somewhere along the way, I caught the puzzle bug myself. And now I'm hooked!

Growing up, I made word puzzles for Mom and number puzzles for my math class. These days, I especially enjoy easy puzzles that let me relax and have fun without working up a sweat.

My career took me from printing into writing, editing, proofreading, technical writing, coding, and website development. Eventually, all those skills came together in an unexpected way: creating puzzle books of my own.

Now I'm sharing that lifelong love of puzzles with readers like you!

I hope you enjoy these free puzzles. And if you'd like more, come visit me at RamonaMona.com to discover more puzzles made with love, just for you.

Happy puzzling!

~ *Ramona*
